

SELECT-A-TICKET

CORPORATE TICKET PROGRAM

**Giving you
more options for
your entertainment
needs, while
saving you money!**

How It Works:

1) We set up a 5 minute telephone call to review what tickets you are currently buying and how you are buying them.

**2) We then set up a meeting for us to come in and show you where and how we can save you money.
*It's that simple!***

**Ask us how a Custom
Ticket Package will
save you money &
give you more events
to choose from!**

Key Features:

1) All tickets are located in prime locations.

2) Access to the world - We don't just sell you a team or a venue we customize your package to you and your clients preferences to get the most value for you.

3) Never waste a ticket - Unused tickets can be returned as a credit towards the next month's purchases. Ask Your Account Executive for details, *Restrictions Apply.*

4) Personalized Concierge Service - You will be assigned your own personal entertainment consultant who will facilitate all of your entertainment needs.

5) Value added service - If you want to make it an unforgettable experience, Select-A-Ticket can make hotel, dining and transportation reservations at your request.

6) Not using your own season tickets? With this program they don't get wasted. You can exchange them for credit of wholesale market value to your account and pick tickets to another event.

7) \$\$\$ Savings - We find that many companies only use a portion of their season tickets. The remainder are used by just finding a body to take the seats. We have saved companies tens of thousands of dollars by recommending changes in their purchasing of their season tickets.
